Say & Do

I think I have an emotional connection to my music

Mixing music is cool, like DJs do

Believes having ideas in mixing music

I want to share my musical idea with my friends and/or with like-minded people

Classical musics

Band musics

I listen to music when I need to be relaxed

I listen to music when I work and am in my car

I listen to radio randomly in order for being exposed to a new kind of music

I see someone's playlists on YouTube which are live concert video clips

I see someone's playlists on YouTube which are live concert video clips

I see songs recommendations by friends on social media

I found a great mixed music by a DJ but I have some good idea to add on

I would like to change just rhythm line on this music

Although I have no background knowledge of producing a music clip,
I would like to gather my musical ideas and share them with others
